Dear Admiral and Mrs. Wellings:

I want to express my sincere appreciation for the privilege of visiting with you recently. I enjoyed very much the conversation and your genuine hospitality.

The Director and Staff of NAPS are excited about your generous offer of giving an award for presentation to a NAPS student. We are starting a limited sailing program this year and your interest in recognizing excellence in this area and in military leadership dovetails very well with our plans and hopes for this new program.

I am presently having the tape reproduced for the NAPS library. Jim Mattis also asked for a copy for himself. I will be in touch soon to arrange return of the tape.

Again it was a real pleasure to meet you and I look forward to our continued association while I'm at Newport.

Sincerely,

Dick Kokko
