Dear Admiral and Mrs. Wellings,

I hope this holiday season finds you both well. The NAPS students are leaving today for a well earned vacation before they have to resume their classes on 6 January.

We have an excellent group of students on board this year and expect to turn over a strong group to next summer's plebe class at the Naval Academy. Our athletic teams remain competitive in all our sports.

I have a plaque to show you which hangs in the NAPS dormitory. The plaque is a permanent record of the recipients of your annual award. I will bring it by to show you early next year.

Best wishes,  
Dick Kolcko  
Major USMC
