SEPTEMBER 25, 1854

Sept 5. 1854

My dear Commodore:

I cannot refrain from
 extending to you my
 sincere congratulations
 at the recognized suc-
 cess of your efforts in
 the final establish-
 ment & actual opening
 of your school.

From the moment

that you explained
to me your object I be-
-came interested & I
- rejoice now that un-
-der your auspices the
good work is being so
"tinged" as I think
with "every hue of
Mounte".

I hope to repeat my
congratulations in
person

shortly. I read with
great interest of your
staff & faculty & the
course proposed.

It will supply a great
want in the education
of our officers & I only
wish I could be a
disciple.

God bless & prosper you
& th. Sincerely yours
S. W. Crawford
