

Navy Department,

Bureau of Equipment and Recruiting.

#4591 Washington, July 31 1885

Sir,

Referring to your letter of the 14th inst. enclosing requisition for coal for Barge, you are respectfully informed that the same will be furnished from the supply furnished for use of the Training Station.

Transfer account through the "New Hampshire" is unnecessary as this is one of the purposes for which the coal is furnished, and it is presumed that there will be no difficulty in arranging with the Commanding Officer of the Station and the Contractor as to place of delivery to the Barge.

Commodore
S. B. Luce
Superintendent Naval
