MEMORANDUM FOR CHIEF OF STAFF

Via: (1) Assistant Chief of Staff for Administration
(2) Assistant Chief of Staff for Plans and Operations

Subj: Seapower Symposium; Report on Action Items concerning

1. The following items were raised at the meeting with the President on Monday, 20 October 1969:

Item 1 - Investigate desirability of using Senate Desk for the Symposium panel members.

Comment - Use of the desk has been investigated and, while it is ideally suited in length and width, the front extends eleven inches above the desk top. This height cuts off the view between the audience and the persons behind the desk.

Recommendation - Do not use the Senate Desk. Instead, use two 3'x5' tables suitably fronted with a dark green cloth.

Item 2 - Refurbish the rest-room adjacent to the Mahan Library office.

Comment - Action is in progress.

Item 3 - Check with Admiral Burke's secretary concerning speech content.

Comment - Action completed; Admiral Burke is in New York and took the conceptual framework with him to study it and make comments.

Item 4 - Develop recommended committee compositions and Mahan seating arrangements.

Comment - Action completed by separate memorandum.

Item 5 - Contact Captain Hardy of SACLant Staff and solicit his comments on the address, "Freedom of the Seas."

Comment - Action completed; Captain Hardy is actively working with Captain Miller and Commander Kinnebrew on the address.

Item 6 - Deliver copies of the conceptual frameworks for major addresses to Ambassador Davis for coordination with the State Department.

Comment - Action completed; the copies have been forwarded to the State Department by Ambassador Davis.

Item 7 - By message, inform all concerned Defense Attaches of Symposium events and speakers.

Comment - Action completed.

Item 8 - Check on the delivery of the gift plates to ensure their early receipt.

Comment - Action completed; no problems are expected in their early receipt.

Item 9 - Captain Guy visit the manager of the Viking Hotel to assure cognizance and correction of previously reported discrepancies and full support of the Symposium.

Comment - Visit completed; manager was responsive with positive plans for Symposium support. The Colonial Room will be used exclusively for serving breakfast to the participants at the times designated by the War College. In early November, the assigned rooms will be inspected in company with the manager in order to ascertain his progress.

Recommendation - Continue to rely upon the Viking for support.

Item 10 - Investigate feasibility of using limousines instead of buses for transportation of participants to and from War College.

Comment - Action in progress; this item was discussed at the NavBase Logistics Conference this date.

a. "Prestige limousines" can be obtained, with SecNav approval, with chauffers provided and required, at the cost of \$10.00 per unit per hour. This is considered too expensive.

b. "Long sedans" can be rented from a civilian agency on a long-term contract basis only.

c. Facilities Command in Boston says that there are no limousine-type of sedans available from DOD resources but will continue to check on this.

d. The new Short Line buses are air-conditioned and present an excellent appearance. They carry 45 passengers and are available on a contract basis for \$11/hr/bus.

Recommendation - That we continue to check on the availability of limousines from DOD resources but plan on using Short Line buses (2) in the event that no limousines are available.

Item 11 - Investigate the possibility of obtaining free copies of the 1969 Naval Review for Symposium participants.

Comment - The Naval Institute was contacted; they will be delighted to do this — on two conditions:

a. That they be allowed to insert material concerning other publications which are available from the Institute. This should be acceptable.

b. That Mr. Uhlig, who is responsible for the Review, be allowed to attend as an observer. The resolution for attaining this condition apparently weakened when they were reminded that our invitational guidelines are firm on the Symposium being a "blue suit" convocation.

Recommendation - That an appropriate letter be drafted for the President's signature, making the request but regretting the issuance of an invitation for Mr. Uhlig to be an observer.

Item 12 - Draw up a summary of the Symposium social events for presentation to the President.

Comment - Action in progress.

2. During the NavBase Logistics Conference this date, all conferees were given a briefing on the Symposium plans to date. This was followed by a discussion of all Symposium support aspects and the groundwork for continuing coordination was established.

Very respectfully,

F. W. ULBRICHT

SEAPOWEE SYMPOSIUM SCHEDULE

Saturday, 15 November 1969

and

Sunday, 16 November 1969

Assistant Duty Officers will be stationed at the Boston and Providence municipal airports. Escort Officers will meet all arriving guests; surface transportation will be provided directly to the Viking Motor Inn in Newport. Fair weather prevailing, all U. S. flag officers who arrive at NAS Quonset Point will be flown by helicopter to the War College and then be driven directly to the Viking Motor Inn. A third Assistant Duty Officer will be stationed at NAS Quonset. The fourth Assistant Duty Officer will be stationed at the Viking Motor Inn. All guests will be informed of the schedule of events and be given appropriate printed information. Their preferences for Sunday evening dinner, following the President's Reception, will be ascertained and the required arrangements made by coordinating this information with the Viking Assistant Duty Officer.

Question: Does the President wish to greet any guests, foreign or U. S., upon their arrivals?

Recommendation: Any personal greetings of arrivals be limited due to the possibility of offending those not greeted.

Question: If guests ask to meet with the President prior to the Reception, how should the Escort Officer respond?

Recommendation: The standard policy is that the President will not be available until the Reception. Exceptions will be provided by the President to the individual Escort Officers ahead of time via the Director, Seapower Symposium Project.
