

E. R. Swan

THE UNITED STATES NAVAL WAR COLLEGE

REGISTER OF OFFICERS

1884-1977

NAVAL WAR COLLEGE
Newport, R.I.

11 July 1975

FOREWORD

This Register is issued annually and contains the names of all officers who have graduated from the resident courses of the Naval War College or who have served as members of the War College Staff since the founding of the College in 1884.

The term "graduate" applies to all courses conducted by the College including the shorter courses of the early years and those courses during World War II.

The Register also includes a list of graduates of the twelve 3-month Army-Navy Staff College Courses conducted during the years 1943-1945 under the jurisdiction of the Joint Chiefs of Staff.

This Register has been prepared as a permanent record of those officers who have been associated with the Naval War College throughout its long and distinguished history.

PRESIDENTS OF THE U.S. NAVAL WAR COLLEGE

<u>RANK</u>	<u>NAME</u>	<u>FROM</u>	<u>TO</u>
Commodore	Stephen Bleecker Luce	Oct. 6, 1884	June 22, 1886

Graduates of the
Army - Navy Staff College Course
(Joint Staff College)

A three-month Army - Navy Staff College Course (Joint Staff College) was inaugurated on June 5, 1943. The jurisdiction of the Staff College rested with the Joint Chiefs of Staff and was exercised through them and the Commandant of the Army - Navy Staff College.

The Purpose of the Staff College was: "To establish a special course of instruction for selected and qualified Army, Navy and Marine Corps Officers in order to increase efficiency in the performance of command and staff duties in unified and coordinated operations of the Army and Navy Forces."

Phase I (eight weeks) of the course was implemented initially by the Naval War College, the Army Command and General Staff School, and the Army Air Forces School of Applied Tactics. Army officers attended a four-weeks course at the Naval War College, and four weeks at either the Army Command and Staff School or the Army Air Forces School of Applied Tactics. Naval officers attended a four-week course at each of the foregoing Army schools. The Naval War College responsibility consisted of instruction in the technique of operation and logistic support of naval sea and air forces; and, naval staff organization, functions and procedure.

Phase II of the course was conducted in Washington and included instruction in amphibious operations, joint logistics, and joint planning.
